

STAINLESS STEEL MOBILE TANK HAPPYBAC

Stainless steel tank

The HAPPYBAC stainless steel mobile bin is a practical and durable solution. Constructed from 304 stainless steel for optimal hygiene and exceptional longevity, the HAPPYBAC merges sturdiness with mobility, featuring Ø 100 swivel casters. Its quarter-turn drain valve facilitates effortless handling and emptying, making it the perfect companion for rigorous environments.

AISI 304 stainless
steel fabrication

Hygienic (readily cleaned
with ample water)

Drainage valve
