

STAINLESS STEEL MANUAL HEIGHT ADJUSTMENT CUTTING TABLE HAPPYWORKTABLE DECOUPE

Central or with rear upstand

The HAPPYWORKTABLE height-adjustable stainless steel cutting table is engineered to merge performance and hygiene, thereby enhancing productivity. It is particularly suited for rigorous settings such as the food industry and laboratories, offering a blend of durability, hygiene, and ergonomic design. The height is manually adjustable, enabling customisation for each user to ensure optimal working comfort. Constructed from 100% stainless steel, it is resistant to moisture and chemicals, guaranteeing longevity and adherence to health standards.

AISI 304 stainless steel fabrication

Capacity 100kg evenly distributed

80 mm rear clearance

Adjustable from 700 to 1,000 mm

Stainless steel telescopic cylinders

Folding crank mechanism

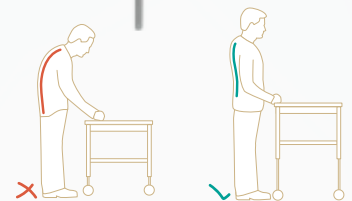

Elevated protection against water and dust.

Stainless steel tube base 40 x 40 mm (lower reinforcement crosspiece 40 x 40 mm if no shelf is present)

Upstand option: Rear upstand ht. 100 x 20mm, welded closed ends

Using the variable height table enhances the user's posture

STAINLESS STEEL CUTTING TABLE MANUALLY ADJUSTABLE HEIGHT HAPPYWORKTABLE DECOUPE

Features : *square legs, without upstand*
