

# MOTORISED HIGH LIFT ELECTRIC PALLET TRUCK WITH CONSTANT LEVEL FEATURE HAPPYPALGOLEV

## Motorised elevation and transportation

The HAPPYPALGOLEV high-lift stainless steel electric pallet truck is equipped with motorised lifting and movement capabilities, ensuring a consistent level. It enhances the ergonomics and hygiene of your workstations daily. This stainless steel electric pallet truck is specifically engineered for challenging environments. Its fully motorised design allows for the seamless movement and leveling of loads, significantly alleviating physical strain on the operator.

-  **AISI 304** stainless steel fabrication
-  **-20°C**  
**+60°C** Operating temperature  
-20 to +60 °C
-  **IP65** Elevated protection against water and dust.
-  **With a consistent level**
-  **Soft start**
-  **Protective skirt** around the anti-crush wheel
-  **Electric propulsion** (motorised wheel)
-  **Ergonomic grip** with emergency stop feature
-  **Automatic leveling** (constant elevation)

### Technical *specifications*

Reference	Product designation	Capacity	Weight	Minimum fork elevation	Maximum fork elevation	Ht. maximum	Fork width	Fork length
TP0103002	High-lift electric pallet truck, constant elevation, 304 stainless steel - powered mobility	1000 kg	330 kg	89 mm	800 mm	1324 mm	540 mm	1150 mm

# HIGH LIFT ELECTRIC PALLET TRUCK - MOTORISED LIFTING AND TRANSPORTATION WITH CONSTANT LEVEL OPTION HAPPYPALGOLEV

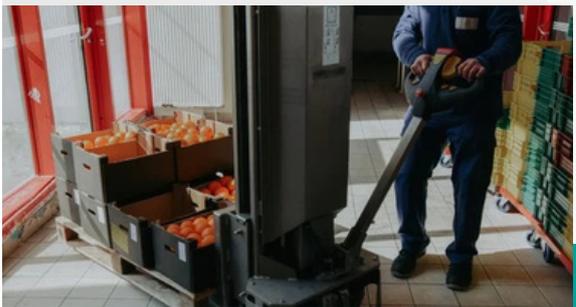

## Ergonomics.

The HAPPYPALGOLEV is meticulously crafted to enhance the well-being of your teams. With its motorised lifting and movement capabilities and constant level option, the HAPPYPALGOLEV minimizes physical exertion and aids in the prevention of musculoskeletal disorders (MSDs). Comfortable, dependable, and hygienic, this equipment enhances working conditions and elevates productivity.

## Height adjustment.

The HAPPYPALGOLEV serves as the ideal companion for automatic load lifting. Specifically engineered for pallet handling, this device features appropriate forks and has the capacity to lift up to 1 ton. It streamlines your transfer operations while prioritising durability, ergonomics, and hygiene. This comprehensive solution enhances your efficiency and secures your workstations.

## Health and Safety.

The HAPPYPALGOLEV high-lift electric pallet truck ensures superior hygiene and optimal safety. Fabricated entirely from stainless steel, it is impervious to moisture and chemicals, rendering it ideal for the food and pharmaceutical sectors.

Using the electric pallet truck enhances posture of the user
