

HIGH LIFT MOTORISED ELECTRIC STAINLESS STEEL PALLET TRUCK HAPPYPALGOLIFT

Motorised elevation and transportation

The HAPPYPALGOLIFT is a cutting-edge pallet truck featuring a motorised lifting and mobility mechanism, specifically engineered to enhance the transport and management of pallets during loading and unloading processes. It improves the ergonomics of workstations and, due to its stainless steel construction, satisfies the standards of rigorous environments. Its entirely motorized system enables the effortless movement and positioning of loads, significantly alleviating physical strain on the operator.

- AISI 304** AISI 304 stainless steel fabrication
- 20°C
+60°C** Operating temperature -20 to +60 °C
- IP65** Elevated protection against water and dust.
- 4^{km/h}** Speed: 4 km/h (adjustable)
- Soft start**
- Protective skirt around the anti-crush wheel**
- Electric propulsion (motorised wheel)**
- Ergonomic grip with emergency stop feature**

Technical *specifications*

Reference	Product designation	Capacity	Weight	Minimum fork elevation	Maximum fork elevation	Ht. maximum	Fork width	Fork length
TP0102003	High-lift electric pallet truck, 304 stainless steel - powered mobility	1000 kg	330 kg	89 mm	800 mm	1324 mm	540 mm	1150 mm

HIGH LIFT ELECTRIC PALLET TRUCK MOTORISED LIFTING AND TRANSPORTATION HAPPYPALGOLIFT

Using the electric pallet truck enhances posture of the user

Ergonomics.

The HAPPYPALGOLIFT is meticulously designed with ergonomics in mind to enhance the well-being of your teams. Its motorised lifting and movement capabilities minimize physical exertion and aid in the prevention of musculoskeletal disorders (MSDs). Comfortable, dependable, and hygienic, it enhances working conditions while increasing productivity.

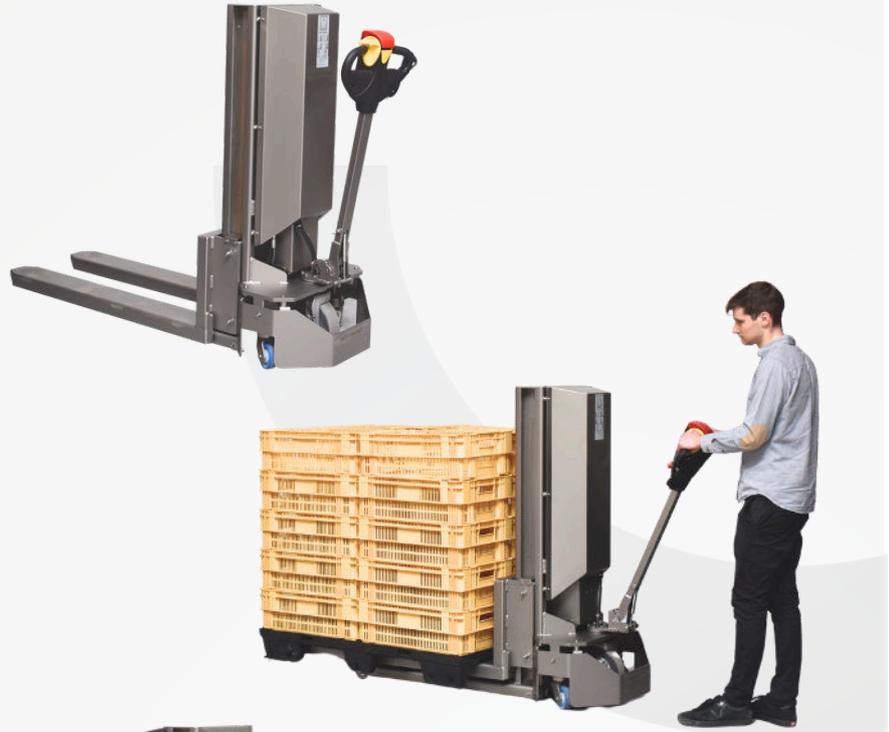

Upgrade.

The HAPPYPALGOLIFT is the perfect solution for elevating your loads while minimising the need for frequent bending during the unloading or stacking of pallets. Specifically engineered for pallet handling, this device features uniquely designed forks and has the capacity to lift up to 1 ton.

Health and Safety.

The HAPPYPALGOLIFT high-lift electric pallet truck ensures optimal hygiene and enhanced safety. Constructed entirely from stainless steel, it is resistant to moisture and chemicals, rendering it an ideal selection for the food and pharmaceutical industries.
