

STAINLESS STEEL ELECTRIC LIFTER HAPPYLIFT200

Mobile lifter with 200kg capacity

The HAPPYLIFT200 stainless steel electric mini stacker is a lightweight yet durable stainless steel lift (IP66) designed to lift and handle loads of up to 200 kg, featuring a remote control for enhanced convenience. It provides three customisable mast heights and bases while adhering to stringent standards. Ideal for diverse sectors, including food and pharmaceutical industries, it ensures reliability and compliance with hygiene regulations.

- AISI

Technical specifications

Type	Capacity	Lifting height	Mast height	Speed	Batteries	Weight
-	kg	mm	mm	mm/s	V/AH	kg
200 S	200	1200	1600	170	24/25	100
200 M	200	1580	1980	170	24/25	105
200 H	200	2090	2490	170	24/25	110

We all thrive at work through **uplifted well-being.**

Various potential applications with the use of different accessories.

Adaptability.

The HAPPYLIFT is engineered to accommodate all your handling requirements. Its compact and maneuverable design allows it to fit seamlessly into confined spaces, making it perfect for workshops, laboratories, and production environments.

Upgrade.

The HAPPYLIFT automatically adjusts the load height for ergonomic and effortless operation. Perfect for repetitive tasks, it minimizes fatigue and enhances productivity while ensuring safe handling.

Load handler.

The HAPPYLIFT is engineered to accommodate various sizes and weights. It streamlines handling and minimizes the operator's physical exertion, especially when managing particular loads such as reels, custom tanks, and similar items.

Removable battery
